As a gesture of goodwill in our negotiations to successfully cleanup and delist the Gulfco Site as quickly as possible, EPA is providing you with a copy of the draft AOC. As stated in EPA's correspondence and today's conference call, EPA and the PRP Group need to agree on the scope and nature of the work at the Gulfco Site before proceeding forward with the negotiations. EPA is awaiting submittal of a detailed scope of work. Once a mutually agreed upon scope of work is made, discussion on the AOC can take place. If you have any questions, please contact me at the number listed below.
